

THE RIGHT CHOICE FOR YOU AND THE PLANET.

NEW
FOR
2019

Hot or cold
food

Sustainably
sourced
birchwood

Compostable

High strength

No coatings,
bleach or dye

The new Envirocutlery™ range of wooden cutlery offers the perfect alternative to plastic disposables. Our full range includes knives, forks, spoons, teaspoons and chopsticks. Made from sustainably sourced birchwood, they are 100% natural and home compostable.

These utensils are ideal for both hot and cold dishes, and designed for an easy and convenient use – perfect for all those meals and snacks on the go!

Our wooden cutlery will add an elegant and natural look and feel to any occasion.

-  Picnics
-  Private & corporate functions
-  Festivals, markets & special events
-  Café & restaurant operations
-  Home delivery and more!
